You'll board our ship at 6 p.m. We'll introduce our crew at a welcome cocktail. Enjoy dinner on board and take advantage of a free evening in Venice.

Day 2 : VENICE

Free day in Venice. Don't forget to cross the Rialto Bridge as you stroll the streets of the most romantic city in the world. The bridge offers some of the best views of the canals and historic buildings.

Day 3 : VENICE - MAZZORBO - Burano

Late in the morning, departure for a cruise in the Venice lagoon. Take in the gorgeous views from the Sun Deck. The canals and islands form a giant maze as we glide past the bustling boats and unique scenery. We'll reach the island of Mazzorbo and cross the wooden bridge to charming Burano.

Spend time on your own exploring the island known for its traditional lacemaking and picture-perfect homes bordering the canals.

Enjoy a free evening in Mazzorbo. Discover the timeless atmosphere on this small island, far from the hustle and bustle of Venice.

Day 4 : MAZZORBO - CHIOGGIA - VENICE

Our ship will spend the morning cruising to Chioggia. We will cross the Venetian Lagoon, which extends almost 30 miles (48 km). Its panoramic views have enchanted visitors since the beginning of time. To the south, a sandbar called The Lido protects the lagoon from the Adriatic Sea. Take in this spectacular scene as you sip a cocktail on the Sun Deck.

You're free to explore Chioggia—a miniature version of the city center—on your own this afternoon. Discover the old town center and its very Italian feel. Cross the nine historic bridges over the Vena Canal. Everything oozes the images we have of old-time Italy: Laundry hanging off window sills, bicycles parked along the sidewalks, and older folks on chairs together in the streets as they catch up on the latest news. The main drag, known as the Corso del Popolo, overflows with bars, restaurants, street cafés, and monuments.

We'll cruise to Venice as the sun sets, creating a marvelous show.

Day 5 : VENICE

Enjoy some more free time in the city on your own this morning. Stroll down the sinuous callis and discover what lies off the beaten path.
